LET’S PLAY

Everything about Flight Club is designed with your party in mind. Our ground-breaking technology enables gameplay to scale with your group to seamlessly match, score and connect players across any number of dart boards in the venue.
Based on the board game of the same name, Snakes and Ladders takes up the entire dartboard in a game of dice. Ladders will uplift players while snakes lower the players on the board. First to the finish line wins.

GAME 4

Players strive to hit as many bullseyes as they can in 6 rounds to earn a Quack Shot. Aim carefully because if your dart hits too far off target you’ll receive negative points! The player with the most Quack Shots after the final round wins.

GAME 3

Each player is given a target number to throw their darts at. Hitting your number 3 times turns you into a killer, allowing you to target other player’s numbers to knock them out!

GAME 2

It’s a twist on the Classic 301! You start with 180 points and throw your dart anywhere on the board. The numbers you hit are subtracted from your score in a race against the other players to reach exactly zero (0).
